

AQUASERENE

The short walk in bath
with the built-in seat

The contoured raised seat means no more struggling to get up or down,
and at nearly double the height of a standard bath you get the added benefit
of a true deep bath soaking experience.

▲ The unique encapsulated white silicon seal softly compresses to ensure easy closing of the door giving a watertight seal for years of trouble free use

- Guaranteed watertight seal
- Pop up waste
- Thermostatically controlled lever taps available
- Low level entry
- Left or right hand door opening
- Optional hydrotherapy spa system

AQUASERENE

The unique, watertight, sealed door means you can simply walk in, sit down, relax and unwind in a tub of warm water at your own leisure. The contoured raised seat means no more struggling to get up or down, and at nearly double the height of a standard bath you get the added benefit of a true deep bath soaking experience. Also available is a purpose made shower canopy and curtain should you wish to choose the alternative of a refreshing shower.

The AquaSerene is hand crafted and can be installed with the same ease and speed of a standard bath. The bath can also be supplied with an extension box to fill in any excess space, providing a useful storage area for towels and bath time products! The beautifully sculptured AquaSerene has been produced by world leading designers, engineers and manufacturers with over 20 years experience in the unassisted bathing market. With added options such as temperature controlled water filling and a 14 air spa system, this is your bath, the way you want it! Let the AquaSerene bring back the joy of bathing!
